Planning in Ontario (including Village of Manotick case study)

Speaker: Krista Libman

Krista Libman is a planner with the City of Ottawa's Growth Management Department. She has worked with the City for almost 10 years. Currently a member of the Official Plan team, Krista has also worked in development review and on Committee of Adjustment applications in the urban core area. She is also the project manager of the City's planning primer program, aimed at providing the public with information on planning in Ontario and the public's role in the process. Her talk will explain the planning process and what "we can do together going forward."
